

SHOCKEY COMMUNITY SERVICE

Shockey 10 Year Anniversary! October 15, 2008

Shawnee Mission Park Clean-Up: Shockey employees wanted to celebrate the company's 10th Anniversary with something more memorable than a cocktail party or fancy lunch. By working with clients and colleagues to tear out barbed wire fences in an isolated area of the Park, this service project will help make way for a new streamway trail for everyone to enjoy.

"I saw the news report and thought it sent a powerful message about the importance of serving the community. I've always been impressed with Shockey Consulting Services' charitable contribution each Christmas. We need more companies like this, and I hope the firm is doing well and doing well for many more years."

*Jen Wilding,
Kansas City Consensus*

"It is groups like yours that really makes my job easier. It was a cold and miserable day but WOW!!! Your group did a wonderful job."

*Eddie Coffey,
Shawnee Mission Park*
